

HDPE

Project: Plastic Wall Partitioning System – Swanbourne Barracks

Client: Spotless P & F

Contract Value: \$163,000

Completion: Completed in December 2007

Details:

Fabrication of HDPE Plastic Wall Partitioning System

Comprising of:

- 35 Door Panels
- 50 Double Wall Panels
- 5 Window Wall Panels
- 50 Single Wall Panels
- 300 Partition Connectors

All panels were made from a specially designed Jig which ensured uniformity throughout the project and will enable CECK to continue manufacturing replacement parts that will always fit with the least amount of installation.
