

# HDPE

**Project:** 4 x Black & 4 x Grey Water Tanks

**Client:** Austal Ships

**Completed:** October 2006

**Details:**

Fabrication of 4 x Black and 4 x Grey Water Tanks to be installed into the Forward and Aft position in Naval Vessels.

All tanks were made to customer specifications and were pressure tested in specially built testing frames that were designed by Austal to imitate the position of the tanks when they are fitted into the vessels.
